Seating: Nevins: Synk2Work

The Synk2Work seating series embraces modern technology and mobility as an integral part of the work experience. The customizable chairs with integrated power ports combine minimalist design with the tools of today. Synk2Work is available in arm or armless versions with an optional tablet, and

leg options include stainless steel or casters.

TON: Dowel

Released at IMM Cologne 2014, Dowel is a lounge armchair designed by Lime studio for TON. Round, plush shapes are contained by solid wood framework that is reminiscent of its namesake.
