

# Nevins Introduces: Tony; A Modern Multi-Purpose Table

Houston, TX - July 15, 2015

Nevins is proud to introduce Tony, a multi-purpose table, which offers balanced proportions, straightforward lines and flush squared-off legs. Tony is the perfect pairing of modern and classic, its warm and inviting features impart to the clean lines. Tony's functional design allows for application flexibility, making it a viable table for an array of settings and the ever-changing workspace.

Whether entertaining groups small or large, gathering for discussion, or watching a presentation, Tony's functional design provides the flexibility to fit any occasion. Tony's aesthetically pleasing simplistic design is available in varying heights and surface options, allowing designers more selections to fit their setting. Tony's modern spin on a timeless design is sure to bring refinement to the surroundings.
