3) Specify Table Finishes			
a) Surface Material Finish			
b) PVC Edge Finish (laminated tops only)			
c) Base Finish			

SPECIFICATIONS

All specifications stated herein are subject to change without notice. Any product dimensions stated herein are nominal.

CORE MATERIAL

Table Top Core

Laminate : Veneer

The standard table top core is 3/4” thick high density 45 lb. industrial grade particleboard or medium density fiber board (MDF). It meets or exceeds ANSI A208.1 and California Air Resources Board (CARB) Regulation 93120.2 Phase 1 and Phase 2 emission limits.

Core Options

NAUF Core

NAUF core material is available; please contact Nevins Customer Service Department.

HIGH PRESSURE LAMINATE 

The lamination process consists of laminate and backer sheets being adhered to core material under pressure with a water-based, formaldehyde free, low VOC adhesive. The underside of the top has a phenolic backing sheet applied. Tops include metal inserts for easy table top to table base assembly.

Samples

Samples of all laminates are available directly from the laminate manufacturer.

Care and Maintenance for Laminates

Clean plastic laminates with mild soap and warm water. Do not use steel wool, hot water, or any abrasive cleaning product.

VENEER & WOOD

Nevins veneer tops are constructed of flat cut, book matched, architectural grade maple or cherry veneer. The veneer is stained with penetrating wood dye, followed by two coats of high solids pre-catalyzed lacquer. The finish is hand sanded between coats of lacquer. Wood edge is solid maple or cherry wood. Veneers and Woods have a semi-open pore finish of a 35% sheen. Tops include metal inserts for easy table top to table base assembly.

Veneer & Wood Finishes

Finishes on Cherry	Finish Code	Laminate Equivalent
Light Cherry	CLC	WA 7919K.78 Amber Cherry
Medium Cherry	CMC	Formica 7008.43 Acajou Mahogany

Stain to Match	STM	

* Laminate equivalents are not exact matches.

** Custom Finish

Nevins can match most Wood and Veneer finishes. At the time of order, please provide Nevins with (2) labeled samples that are at least 3” x 3”. Samples should be labeled with the customer’s order reference number and sent to Nevins Customer Service Department : 14006 Newberg Rd, Cat Spring, TX 78933. Customer’s stain to match samples will not be returned. Orders requiring a stain to match may extend the standard lead-time.

Samples

Samples of Nevins veneer/wood finishes are available directly from Nevins; Refer to www.nevins.co

Care and Maintenance for Veneer and Wood

Treat with care, as you would with any fine furniture. Coasters should be used under glasses. We recommend damp dusting and occasional cleaning with a soft cloth and a high grade furniture polish that does not contain silicone.

SOLID SURFACE

Select laminate or veneer cabinets are available with a Solid Surface top. The solid surface is 1/2" thick and has a matte/satin finish.

Solid Surface Finishes

DuPont™ Corian®	Finish Code	DuPont™ Corian®	Finish Code
Glacier White	S01	Sahara	S05
Savannah	S02	Platinum	S07
Silt	S03	Maui	S08

DuPont™ Corian® Terra Collection

DuPont™ has a collection of 27 Corian® colors that are Greengaurd® certified and made with pre-consumer recycled content. Please contact Nevins Customer Service Department.

Custom Solid Surface Materials

Nevins has access to many brands of solid surface materials. Please contact Nevins Customer Service Department with your preferred material.

Samples

Samples of Nevins standard DuPont™ Corian® solid surface colors are available directly from Nevins; refer to <https://www.nevins.co>. METAL TABLE BASES

Powder Coat Finishes	Finish Code
Furniture White	BC01
Satin Chrome	BC03
Black	BC08
Black Wrinkle	BC18
Polished Chrome Finish	PC9

Care and Maintenance for Powder Coat Table Bases

Clean with a mild soap solution and rinse with clean, clear water. Wipe the entire surface and follow with a clean, dry cloth to buff dry.

Care and Maintenance for Chrome Table Bases

Clean with a wet cloth or window cleaner. For scuff marks or heavy soiling, a non-abrasive automotive chrome polish can be applied as directed.
