THE **LOCAL** ISSUE

**5.** Belsize from **Molteni&C** is an original series of occasional tables available in triangular, round, and trapezoidal shapes. With three geometric styles, two heights, and six tabletop finishes, the Belsize collection is meant to be layered to create new forms and various functions, such as small coffee tables, desks, or side tables.

**6.** Adagio is an acoustical ceiling solution from **CertainTeed**. The composite panels feature an encapsulated fiberglass layer that provides sound absorption and acoustic comfort at 0.90 NRC. Its mineral backboard offers sound containment at CAC 36-42. The finish enhances light reflectance while the fine texture complements all decor styles.

**7.** **Alcantara** is an innovative material that can be used for contract upholstery on furniture, lamp shades, and even rugs. Its Wanderlust Collection is inspired by characters in "The Odyssey": Penelope, Odysseus, Poseidon, Circe, and Athena. Designs range from a quilted stitch to variations on plaid. With a virtually limitless color palette, the surface can

also be printed, embossed, or embroidered.

**8.** The Volow Media Table by **Nevins** offers a dynamic, space-efficient workstation with a unique high-tech experience. The table creates a responsive and collaborative setting with regular and standing heights. Volow is offered in an artful array of design options that includes all Nevins base styles and surface materials.
